The TRIBUNE extends congratulations.

The citizens of Two-mile Branch neighborhood were somewhat agitated Tuesday by the wandering of a strange man in that community. Thinking his actions a little peculiar they telephoned for Sheriff Wilson who went out and brought the gentleman to town and he was arraigned before Squire Thompson Wednesday morning. He gave his name as William O'Riley. He was charged of "wandering about without any visible means of support against the peace and dignity of the state." He plead guilty and was sentenced to thirty days in the county jail, but Squire Thompson stayed the execution with the condition that he journey on.

Montgomery City is growing, there is no question about it. A year ago there were at least 30 houses vacant, to-day there is not a house for rent desirable or otherwise. One of our local real estate agents have applications for a dozen or more houses than they have on their list. People are beginning to find out that the schools of Montgomery are superior to those of any other city between St. Louis and Kansas City, that we have all kinds of conveniences, electric lights "that light" water works, good sidewalks, fine R. R. facilities and a fine country surrounding which will have rock roads as soon as the "commercial club" gets on its feet in proper shape. And then the street fair association promises the "greatest ever" this fall. And the merchants are all great advertisers, they offer you immense bargains through the columns of the newspapers. If you want to live in an up-to-date town move to Montgomery.

Three car loads of household goods arrived here Monday belonging to new comers into Montgomery county. While many farms have changed hands in Montgomery county in the past six months, we believe the tide of emigration into this county has not yet reached what it will be in the near future. Land all over Illinois and many counties in northern Missouri sells for double the price of land here, while there is not near the difference in the value of the land. Farmers who own high priced land in other sections are finding out they can come to Montgomery county and get many more acres of good land for the same money. So it will not be long until the land in Montgomery county will be worth a third more.

School Closes at Meadow Lark.
A most interesting program was rendered at the closing exercises of Meadow Lark School Feb. 20, 1903. A bountiful dinner was served by the ladies of the district which was enjoyed by all. Quite a crowd was present, several from adjoining districts. We hardly know how to express our appreciation of some of the pieces that were spoken by the pupils. It certainly bespeaks volumes for our teacher, Mr. Edward Harrell, whose power to instruct and train youthful minds stands without doubt. The two patriotic orations delivered by Frank Roth and Obbie Aylor respectively, were simply grand for boys of their age and opportunities. The patrons were so well pleased with the work done here that the board earnestly requested Mr. Harrell to teach the school again next winter. Now in conclusion we would say, let us stand together for our school, first, last and all the time. Let us encourage both teacher and pupils in every way we can, for we know by history and experience that education tends toward elevation.

Paine's Celery Compound

Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The tortures and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distension of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibres; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Ross, Clarendon, Iowa, briefly writes about his happy experience with Paine's Celery Compound as follows:—

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."
